---

The Board of Directors of MacroEquity Global Investments SICAV decided with resolution dated 27 May 2020 to liquidate the SICAV and to propose its decision to the extraordinary General Meeting of the shareholders.

The implementation of the investment strategy, that at inception seemed to be possible in a UCITS structure, has revealed itself impossible. The limitations imposed to the investment strategy resulted in returns that are not in line with the expectations. The constraints have a negative impact on the Fund's performance and investors redeemed significant holdings since beginning of the year 2020.

Due to the investor protection being the main concern of a UCITS structure and due to the above problems encountered since inception of the Fund, the Board of Directors of MacroEquity Global Investments SICAV decides to propose the liquidation of the Company.

The shareholders of the Fund with its above mentioned share classes are hereby informed that by resolution of the Board of Directors of MacroEquity Global Investments SICAV dated 27 May 2020, the calculation of the Fund's price is suspended with immediate effect (NAV date 27 May 2020; the "Suspension Date"). At the same time, the issue, the redemption and the transfer of Fund shares are also suspended until further notice.

Subscription, redemption and transfer applications not executed on Suspension Date will expire automatically.

Information on further developments will be sent to shareholders in separate notice and published in the respective distribution countries and on the Fund's Management Company's website ([www.1754.lu](http://www.1754.lu)).

For further information, please contact the Fund's Management Company on +352 28 11 93 0 or by e-mail at [info@1754.lu](mailto:info@1754.lu).

Grevenmacher, May 2020
